Hi,

we already empaneled. My hope is to get through openings and 1 witness and then call you guys out of order so I can get you out of there.

Defendant was offered an extremely generous deal today but declined because he wanted to stay the sentence. He may change his mind in the am. I will call you if that happens.

Lisa

Hi Lisa,

I have cc'd Tim Kenny in this email.

I am scheduled to be in Brockton Superior for 10 AM on Tuesday (12/13).

Have you already impaneled a jury for your case? If so, are we definitely going to be testifying @ 11am or will be waiting around?

Keep me posted.

Thanks.
